# Combined digital inspection service

## Digital twin

### THE CHALLENGE

Make Internal Visual Inspection (IVI) safer, more efficient, repeatable, and less expensive, whilst improving the quality of the inspection results.

### THE SOLUTION

Remote Internal Inspection (RII). Utilizing the latest inspection technologies, we can perform internal inspections using remotely operated vehicles.

- Reduced personnel costs
- Improved safety
- Up to 80% more efficient than conventional processes
- Improved visualization and reproducibility
- Increased percentage of non-intrusive inspections (NII)
- Improved plant utilization

## Strategy Update

- Goal: No. 1 in efficiency and sustainability improvement
- Focus on industry segments and regions with profitable growth
- Standardization of business models and processes
- Strengthen innovation
- Results at CMD Feb 14, 2023

## New Management Structure

- Group Executive Management formed with Executive Board, business segments and central functions
- Increase efficiency and collaboration
- Closer to operations and better customer focus

## Efficiency Program

**The goal is to be the No. 1 for efficiency and sustainability in our relevant markets with sustainable, profitable growth**

## Efficiency Program

- Standardization of processes, simplification of structures in administration, reduction of cost
- Investment in education and training

- Savings of approx. €55 million p.a. by the end of 2023
- Approx. one quarter of the savings will be invested in education and training

- Start Q4 2022 with recording of provisions of approx. €60 million
- Duration of program until end of 2023
