Financial Outlook 2015

We will continue on our growth track in the Core Bank and aim to further grow revenues and market share by expanding our customer and asset base

We expect Loan Loss Provisions of less than €1bn for 2015 with lower LLPs in NCA as well as in the Core Bank

We expect expenses to be slightly above 7 billion Euros excluding European Bank levy

CET1 of 10.5% comfortable level for our business model – planning for a dividend 2015 and accruing accordingly

This presentation contains forward-looking statements. Forward-looking statements are statements that are not historical facts; they include, inter alia, statements about Commerzbank's beliefs and expectations and the assumptions underlying them. These statements are based on plans, estimates, projections and targets as they are currently available to the management of Commerzbank. Forward-looking statements therefore speak only as of the date they are made, and Commerzbank undertakes no obligation to update any of them in light of new information or future events. By their very nature, forward-looking statements involve risks and uncertainties. A number of important factors could therefore cause actual results to differ materially from those contained in any forward-looking statement. Such factors include, among others, the conditions in the financial markets in Germany, in Europe, in the United States and elsewhere from which Commerzbank derives a substantial portion of its revenues and in which it holds a substantial portion of its assets, the development of asset prices and market volatility, potential defaults of borrowers or trading counterparties, the implementation of its strategic initiatives and the reliability of its risk management policies.

In addition, this presentation contains financial and other information which has been derived from publicly available information disclosed by persons other than Commerzbank ("external data"). In particular, external data has been derived from industry and customer-related data and other calculations taken or derived from industry reports published by third parties, market research reports and commercial publications. Commercial publications generally state that the information they contain has originated from sources assumed to be reliable, but that the accuracy and completeness of such information is not guaranteed and that the calculations contained therein are based on a series of assumptions.
